

4.2.4. *Number per day usage of library by teachers and students (foot falls and login data for online access)(Data for the latest completed academic year)*

- Number of users using library through e-access

To calculate per day e-access of library, the institution takes sum of e- access data of N-List, Kopykitab, DELNET of staff and students and divide it by the working days.

Sr. No.	Library Usage type	Yearly Usage data
1.	N-List	677
2.	Kopykitab	1946
3.	DELNET	26
Total of Yearly E-Access of Library		2649
Per Day E-Access of Library		2649/296= 9
