INVITATION

Dear Colleagues,

It gives us immense pleasure to cordially invite you to participate in a Two Day National Webinar on "Intellectual Property Right" on 2 and 3 February 2018. You are requested to attend the webinar by taking part in the deliberation.

About the Institution

Maratha Vidya Prasarak Samaj was established by Karmaveer Raosaheb Thorat and his supporters in 1914 with a motto "Bahujan Hitay, Bahujan Sukhay". This means "Welfare and Happiness of the Masses". The primary aim of the founders was to open the vistas of education to the deprived sections of the society. They believed that education will become the fulcrum of social change and uplift. Owing to the vision and missionary seal of these connoisseurs of social movement, within decades the institute become the torchbearer of the largest number of primary and secondary schools, conventional and professional colleges and management institutes including the only medical college in the district. At present the institute is imparting quality education to more than 213598 students with the help of 485 branches and 9269 employees. Yashwantrao Chavan Maharashtra Open University Nashik has also felicitated the institution with 'Dr. Panjabrao Deshmukh Award'.

About the College

The college was established against heavy odds, in June 1993 with a vision to cater to the educational needs of youth of the industrial area of Nashik City. The college has received the 'Best College Award' from S. P. Pune University as well as 'Copy Free Centre Award' from Yashwantrao Chavan Open University, Nashik. It has been reaccredited with 'A' Grade in the Third cycle by NAAC Bangalore with 3.20 CGPA. The year 2017-18 was celebrated as Silver Jubilee Year of the college. The college offers 17 Under graduate programmes and 9 Postgraduate programmes. Apart from the conventional courses the college has established YCMOU centre that offers degree courses as well as Yoga Teacher Course through distance mode. College offers many certificate, Diploma courses and Vocational degree in Yoga, Food Processing Technology and Electrical Appliances Maintenance and repairing.

PATRONS (M.V.P. SAMAJ NASHIK)

Hon Smt. Nanda Ashok Sonawane

NATIONAL WEBINAR ON “INTELLECTUAL PROPERTY RIGHTS (IPRs)”

WEBINAR OVERVIEW

- ❖ Intellectual Property Rights (IPRs) are a set of exclusive rights protected by law which are given to creators or persons over their creations for a certain time period. An Intellectual Property right holder can realize value from its intellectual assets through utilizing it internally for its own processes or by sharing it externally through provision of goods and services to customers. Sharing of Intellectual Property can be achieved through legal mechanisms such as licensing or assignment.
- ❖ In today's globally competitive environment, intellectual property has placed itself on a pedestal in the context of economic growth and is becoming increasingly important. Intellectual Property (IP) empowers prosperity, fostering invention and innovation. The increasing significance of intangible assets in the global economy is forcing business organizations to actively manage their IP as a key driver for building and sustaining their competitive advantage and achieving superior performance.
- ❖ IPRs are now being used not only as a tool to protect creativity and generate revenue but also to build strategic alliances for socio-economic and technological growth.
- ❖ The generation of IP largely takes place at the State level through small, medium and big industries, academic institutions and individuals. States need to maximize the benefits from their intellectual property by stimulating higher levels of innovation through a judicious system of rewards, ensuring timely and effective legal protection for IP and leveraging strategic alliances for enhancing the value of the intellectual property created in the State.
- ❖ The main objective of the webinar is to increase IP filing process and thus building a robust IP ecosystem in India. This webinar will be helpful in identifying protectable innovations and will suggest steps for transforming innovations into proprietary assets. It will also assist to use IP information, particularly relating to patents and designs, for further research and development in developing new product and process.
- ❖ The eminent personalities in the concerned field will be invited to share their views and knowledge
