## 7.9 Best Practices:

### 7.9.1 'Gender Sensitisation' :-

**Gender Sensitization** is a basic requirement to understand the sensitive needs of a particular **gender**. It helps us to examine our personal attitudes and beliefs and question the 'realities' that we thought we know. Why gender equality is **important** to economic development? Sustainable development relies on ending discrimination toward women and providing equal opportunities for education and employment. **Gender equality** has been conclusively shown to stimulate economic growth, which is **crucial** for developing countries. Gender sensitization presides over gender sensitivity, the modification of behaviour by raising **awareness** of gender equality concerns. This can be achieved by conducting various sensitization campaigns, training centres, workshop, programs etc. In our college the **Gender Audit** tries to assess the impact of its current and proposed policies on gender equality and gender sensitization. Observing the gender equality, the girls are provided with various facilities and special attentions.

The objective is not only the equality and empowerment of male and female but transgender also. It also aims to provide a harmonious and fertile environment for all students to excel physically, mentally, intellectually and emotionally upholding ethics and values. It is necessary to change their perspective about gender and create safe and secure environment where all three genders coexist harmoniously.

#### Goal:

Gender mainstreaming wants to contribute towards a gender-sensitive society where agreement between individuals, united around common goal, opportunities and responsibilities are shared by women and men in equal measure.

**Objectives:**

- To establish good gender balance in decision-making processes in all areas of the college activities.
- To suggest measures for bridging the gender gap.
- To implement the human values regarding the third gender.
- To inculcate the awareness among the students about the equality of the gender

**The Practice:**

Special study room, stair-case, two-wheeler parking, Separate Circulation Counters, Reading Rooms, Ladies Room, Washroom Facility, Sanitary Napkin Vending Machine are provided for the girls. They are also given self-defence trainings like Judo Karate, Swaymsiddha, Lathi-Kathi, Talawarbaji, Bhala-Fek etc. Our college has Anti-Ragging and Discipline Committee, Vishakha Committee and Anti-sexual Harassment Cell. The girl students are provided opportunities to express themselves under Women Development Cell, Vidyarthini Manch and Girls Forum through these conduct the activities like Nirbhay Kanya, Swayam siddha Training, Girls NCC, Beti Bachav, Self Defence and Yoga. Meditation Camps are also organized for students. The lectures of eminent personalities are held on various topics to develop their personalities. Various gender sensitization programmes are organised by different committees in the college to bring out the overall development of girls and boys and thereby to mould a better society with equality. It is observed that now a day's third gender issue is very sensitive. They are fighting for their identity as a person in society. Society has neglected this race and considered them as an abuse. Focusing on this issue our college has taken a step to aware our students about the third gender as well as the importance of the gender equality among the society. In the year 2018-19, we have published annual magazine on Transgender and book exhibition on gender sensitization was organized by the library.

The Institute has taken initiatives to make awareness among the society about the Gender Equality, Gender Sensitisation, Third Gender etc through the yearly magazine 'Ekta'. Hon'ble Principal and magazine committee decided to publish a special issue on Gender Sensitisation.

**7.9.2 Health Consciousness**

Health isn't everything, but without health everything is nothing. The saying itself tells us that health consciousness is an integral part of Human lives. Keeping in mind this the college has decided to run one of the best practices that will concentrate on developing the

positive attitude about health consciousness among the faculty as well as students. The Best Practice, Health Consciousness, Blending of physical and mental together will also help in inculcating the spiritual values among the students.

**Goals:** Health Consciousness, includes not only the physical health but also the mental health of the students

**Objective:**

- To focus on academic excellence of students, teachers and other employees
- To build positive attitude and pure thoughts in human beings
- To build self-esteem and boost the self-confidence

- Improve physical, mental and social health
- To sustain the body physiology
- To develop neuro -muscle system in students' body

**The Practice:**

- Government of Maharashtra District Sports Office Nashik & K.S.K.W College CIDCO Nashik Jointly Organized Basic Yoga Certificate Course, Swayam Siddha Course and Advanced Yoga Certificate Course for students
- For making students aware about their physical problems the college has developed a well equipped gymnasium. There are separate schedules for the faculty, Boy students and girl students. The physical fitness camps are organised by the college to make students aware of their endurance power, agility, body strength and other issues related to their physical fitness. Taking into consideration the inner part of the body the college also uses the practice of *Shuddhikriya* to keep the students healthy and fresh. The college also has a lezim and rhythmic yoga troops to make students aware of the flexibility of their body. One of the outstanding activities included in this practice is that the college organizes self defence programme for girl students. It helps to boost the confidence level of the students.
